To Franklin

Subject Hello

Hi Franklin,

I saw your poem on the 'Friends Around the World' website. I would like to be your friend. I am nine, we are the same age! I live in Hong Kong. I enjoy cycling and swimming.

I like ice-skating too. I often play football with my friend. I go to Li Sing Primary School by school bus. I am in primary 4. My favourite subject is P.E. because it's exciting. My favourite food is chicken.

This is me with my family. I have three family members. They are mother, father and me. I am tall. My mother is taller than me. My father is the tallest. My mother's eyes are smaller than my eyes. My father's eyes are the smallest.

My eyes are bigger than my mother's eyes. My father's eyes are the biggest. I love my family.

Please write soon and send me a photo!

Chris

# Making Sandwiches

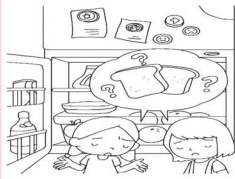

4B Ou Jun Qian, Ryan

at home / hungry / sandwiches

look in / fridge

bread / unhappy

?

Mary and Susie wanted to prepare something to eat for themselves on a school holiday. They were at home. They were hungry in the morning so they wanted to make some sandwiches.

They looked in the fridge. There was a lot of food. They saw cheese,

butter, ham, oranges and apples. They were happy.

However, there was no bread in the house. They were unhappy because they could not make the sandwiches. 'What shall we do?' asked Mary.

In the end, Mary and Susie went to the supermarket and bought a loaf of bread. They went home quickly. They were happy because they could make cheese and ham sandwiches. The sandwiches were delicious. They thought that they could make other sandwiches next time.

## Teacher's comment

Ryan, Nice Writing! Good use of phrases of quantity and the vocabulary items.
