## Back to the Past

Sam woke up in a strange place one day. Study the pictures and write the story.

One day, Sam was awoken by an alarm clock. Nobody was at home. He looked outside the window from his bedroom. He found he was in a strange place. There were no supermarkets, MTR stations or shopping malls. There was only a small wet market. There were also some single decker buses and old buildings. He was so surprised.

Sam went out from the building and looked around. He

found that there was a park next to him. He ran into the park. There were two girls playing hopscotch. Sam asked them to play with him. 'Do you have any electronic games?' Sam asked the girls. 'What are they? We don't have any electronic games. Let's play together.' Then Sam joined them.

Ten minutes later, Sam felt bored. He wanted to go home. The girls asked him to follow them. They led him to a time machine car and said, 'You can use this car to go home,' Sam thanked them and left.

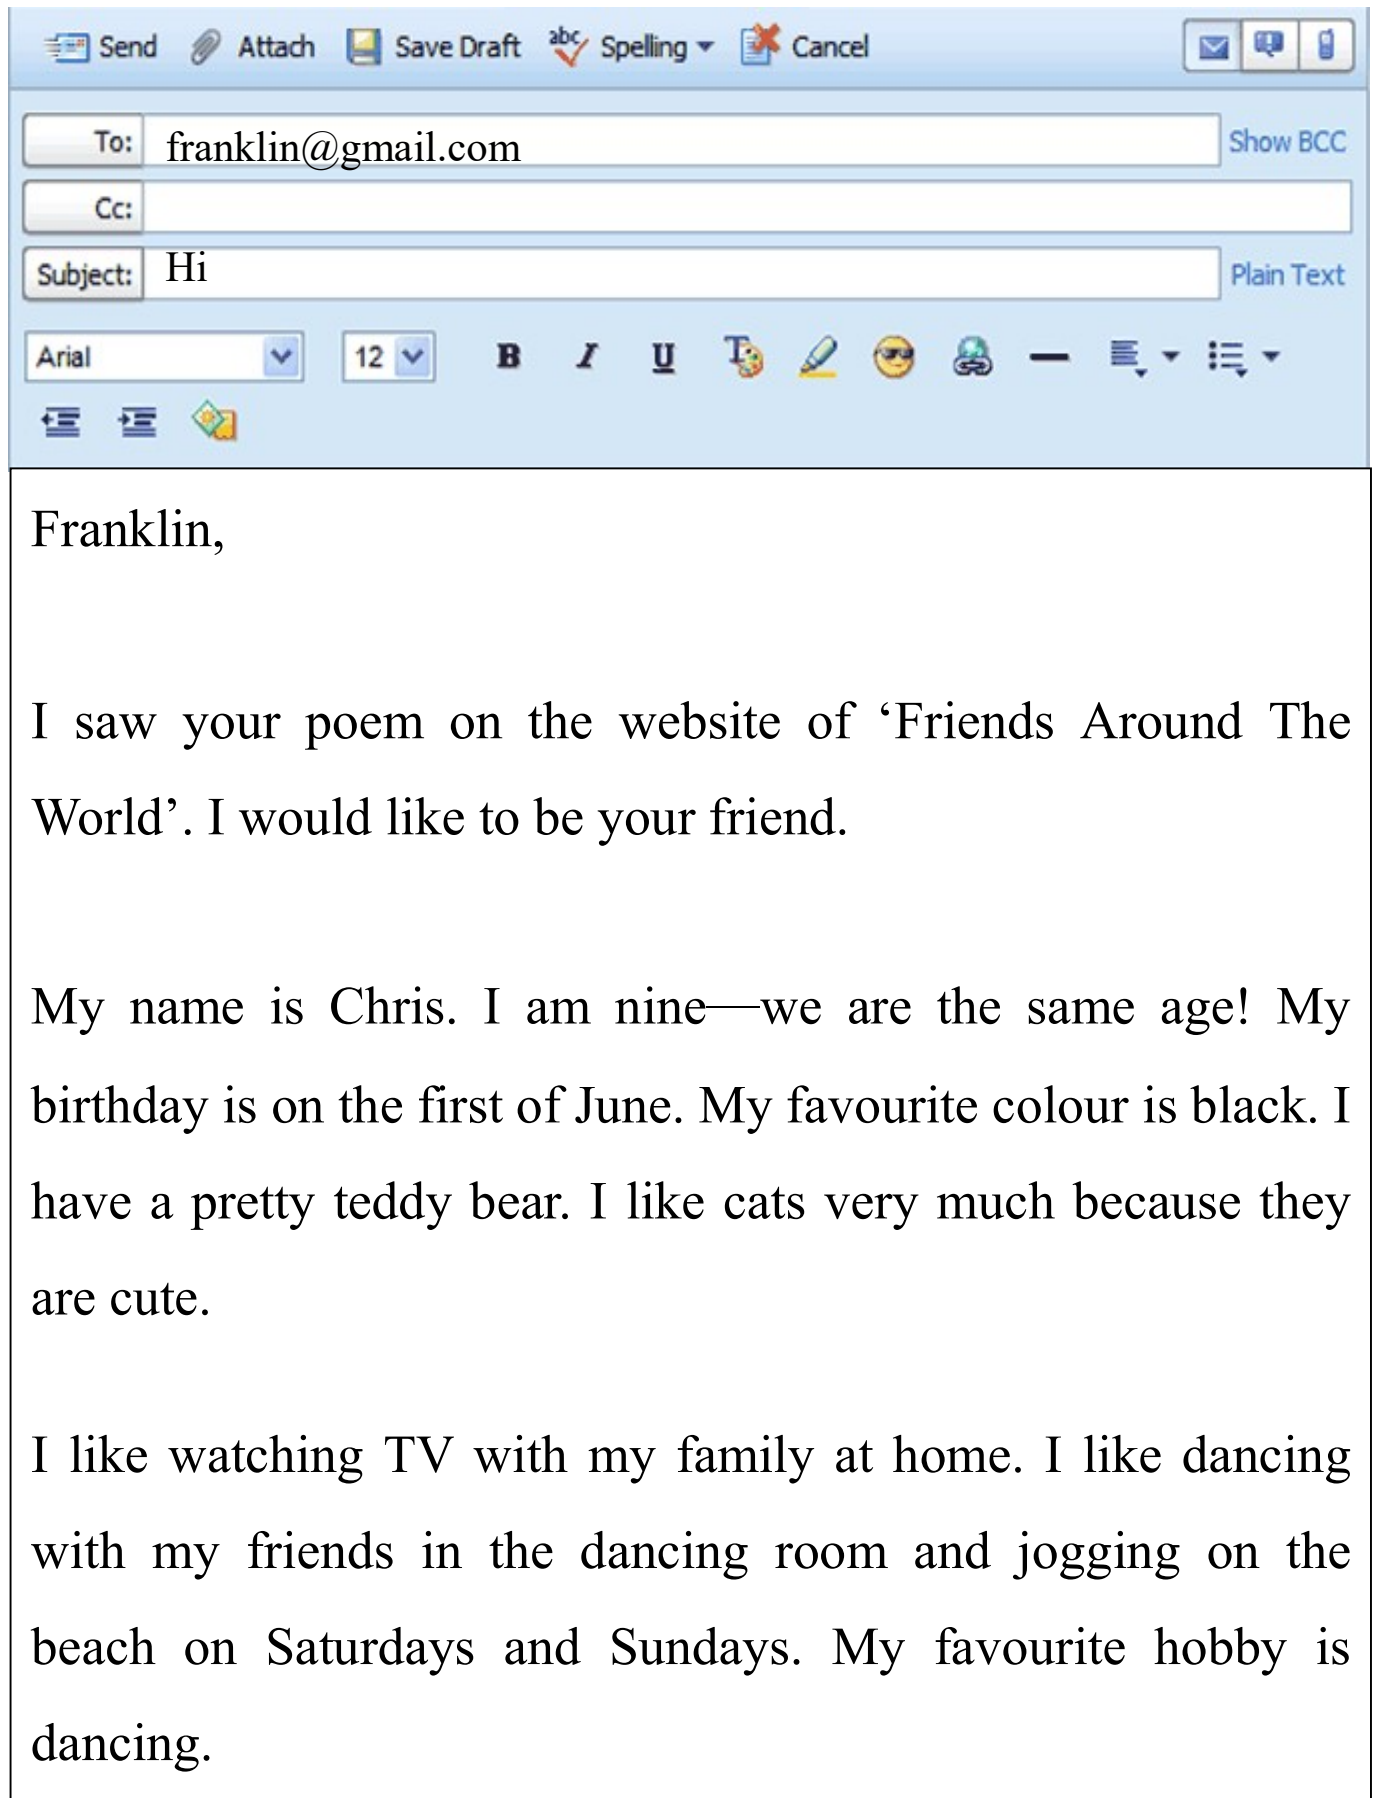

A few minutes later, Sam went back home. He saw his parents waiting in the living room. He ran towards his parents and hugged them. Then he shared his adventure with them happily.

*Teacher's comment: You have organized ideas in a logical way. You also managed to add in some conversations. I like your ending. A creative work! Well done, Bradin!*

Franklin,

I saw your poem on the website of 'Friends Around The World'. I would like to be your friend.

My name is Chris. I am nine—we are the same age! My birthday is on the first of June. My favourite colour is black. I have a pretty teddy bear. I like cats very much because they are cute.

I like watching TV with my family at home. I like dancing with my friends in the dancing room and jogging on the beach on Saturdays and Sundays. My favourite hobby is dancing.

I live with my family and domestic helper. They like playing football with me and swimming. My mum likes teddy bears. She has a big brown teddy bear. My brother is good at sports. He always plays basketball. I have a sister. She is shorter than me. I love them because they are my family.

Please write soon.

Best wishes,

Chris

## Mary and Susie's sandwiches

In the afternoon, Mary and Susie stayed at home. They felt hungry after doing homework. Then they went to the kitchen. They opened the fridge and looked in it. They noticed that there was some food for making sandwiches. There was some ham, cheese and butter. However, there was 'NO BREAD'! They felt very upset.

Just then, Mary had an idea—they could make some

bread by themselves. It's because they got milk, flour, water, yeast and olive oil. They put the ingredients into a large bowl and mixed them well. Mary and Susie took turns to mix the dough. They were too excited so that they splashed it everywhere. They were afraid because their mum was on the way home. They cleaned and mopped the floor as fast as they could.

Luckily, they finished the task just in time. They were tired but happy because their mum bought them a yummy cake. They enjoyed eating the cake together.

*Good work, Moses. You've given lots of ideas with clear elaboration. Keep it up!*
